

Los Angeles County Municipal Storm Water Permit (Order 01-182)
Individual Annual Report Form
Attachment U-4

This form summarizes the requirements in Order No. 01-182. Each Permittee must complete this form in its entirety, except for those requirements applicable only to the Principal Permittee. Only report activities that were performed during the previous fiscal year. Upon completion, this form shall be submitted to the Principal Permittee, by the date specified by the Principal Permittee, for inclusion in the unified Annual Storm Water Program Report. Attachments should be included where necessary to provide sufficient information on program implementation.

The goals of this Report are to: 1) concisely document implementation of the Storm Water Quality Management Program (SQMP) during the past fiscal year; 2) evaluate program results for continuous improvement; 3) to determine compliance with Order 01-182; and 4) to share this information with other Permittees, municipal decision makers, and the public.

!	YOU MUST FILL OUT ALL THE INFORMATION REQUESTED <i>Do not leave any of the sections blank.</i>
N/A	If the question does not apply to your municipality, please indicate N/A in the space provided and provide a brief explanation
U	If the information requested is currently unavailable, please indicate U in the space provided and give a brief explanation.

This Report Form consists of the following sections:

SECTION	PAGE
I. Program Management	2-4
II. Receiving Water Limitations	5
III. SQMP Implementation	5-7
IV. Special Provisions	8
IV.A. Public Information and Participation Program	8-14
IV.B. Industrial/Commercial Facilities Program	15-17
IV.C. Development Planning Program	18-21
IV.D. Development Construction Program	22-23
IV.E. Public Agency Activities Program	24-33
IV.F. IC/ID Elimination Program	34-37
V. Monitoring	38
VI. Assessment of Program Effectiveness	38
VII. Certification	39

Los Angeles County Municipal Storm Water Permit (Order 01-182)
Individual Annual Report Form
Attachment U-4

Reporting Year 2011- 2012

I. Program Management

- A. Permittee Name: City of San Gabriel
- B. Permittee Program Supervisor: Daren Grilley
 Title: City Engineer
 Address: 425 S Mission Drive
 City: San Gabriel, CA Zip Code: 91776
 Phone: 626.308.2806 Fax: 626.458.2830
- C. In the space below, briefly describe how the storm water program is coordinated within your agency's departments and divisions. Include a description of any problems with coordination between departments. To facilitate this, complete the Table 1.

The City of San Gabriel Municipal Separate Storm Sewer System (MS4) Program is coordinated through the Engineering Division of the Community Development Department (CDD). The Engineering Division shares MS4 permit responsibilities with the Public Works Department (PW), Fire Department, as well as the Neighborhood Improvement Services (NIS), Planning, and Building & Safety Divisions of the Community Development Department.

TABLE 1 - Program Management

Storm Water Management Activity	Division/Department	# of Individuals Responsible for Implementing
1. Outreach & Education	CDD-Engineering & NIS	2
2. Industrial/Commercial Inspections	CDD-NIS	2
3. Construction Permits/Inspections	CDD-Engineering & Building	2
4. IC/ID Inspections	PW and CDD-NIS	5
5. Street sweeping	PW (by contract)	1
6. Catch Basin Cleaning	PW (city forces plus contract)	8
7. Spill Response	PW, Fire, and CDD-NIS & Engr	5
8. Development Planning (project/SUSMP review and approval)	CDD-Engineering & Planning	4
9. Trash Collection	PW	4

Los Angeles County Municipal Storm Water Permit (Order 01-182)
Individual Annual Report Form
Attachment U-4

D. Staff and Training

Attach a summary of staff training over the last fiscal year. This shall include the staff name, department, type of training, and date of training.

E. Budget Summary

1. Does your municipality have a storm water utility? Yes ☐ No ☒

If no, describe the funding source(s) used to implement the requirements of Order No. 01-182.

The primary revenue sources for NPDES MS4 permit compliance activities are general fund, gas tax, and waste management funds.

2. Are the existing financial resources sufficient to accomplish all required activities? Yes ☐ No ☒

3. Complete Table 2 to the extent that accurate information is available (indicate U in the spaces where the information is unavailable), and report any supplemental dedicated budgets for the same categories on the lines below the table.

4. List any additional state/federally funded projects related to storm water.

None

Los Angeles County Municipal Storm Water Permit (Order 01-182)
Individual Annual Report Form
Attachment U-4

TABLE 2

Program Element	Expenditures in Previous Fiscal Year	Estimated Amount Needed to implement Order 01-182
1. Program management a. Administrative costs b. Capital costs	25,000 0	U (dependent upon adoption of next MS4 permit; Order R4-2012-xxxx)
2. Public Information and Participation a. Public Outreach/Education b. Employee Training c. Corporate Outreach d. Business Assistance	500 4,500 100 0	
3. Industrial/Commercial inspection/site visit activities	0	
4. Development Planning	0	
5. Development Construction a. Construction inspections	10,000	
6. Public Agency Activities a. Maintenance of structural and treatment control BMPs b. Municipal street sweeping c. Catch basin cleaning d. Trash collection/recycling e. Capital costs (CB screens) f. Other	\$4,500 121,000 1,600 N/A (by franchise) 6,000 0	
7. IC/ID Program a. Operations and Maintenance b. Capital Costs	2,400 0	
8. Monitoring	8,665	
9. Other	0	
10. TOTAL	190,265	

List any supplemental dedicated budgets for the above categories:

N/A

List any activities that have been contracted out to consultants/other agencies:

The City contracts with LA County, Athens Services, and West Coast Storm for catch basin cleaning and street sweeping. During the reporting year, the City also contracted with TECS Environmental Services for staff training and assistance with administrative activities. The City also has an Agreement with the Gateway Cities COG for the coordinated monitoring program of the LA River Metals TMDL.

Los Angeles County Municipal Storm Water Permit (Order 01-182)
Individual Annual Report Form
Attachment U-4

II. Receiving Water Limitations (Part 2)

- A. Are you aware, or have you been notified, of any discharges from your MS4 that cause or contribute to a condition of nuisance or to the violation of any applicable water quality standards? Yes ☐ No ☒
- B. Has the Regional Board notified you that discharges from your MS4 are causing or contributing to an exceedance of water quality standards? Yes ☐ No ☒
- C. If you answered Yes to either of the above questions, you must attach a Receiving Water Limitations (RWL) Compliance Report. The Report must include the following:
1. A description of the pollutants that are in exceedance and an analysis of possible sources;
 2. A plan to comply with the RWL (Permit, Part 2);
 3. Changes to the SQMP to eliminate water quality exceedances;
 4. Enhanced monitoring to demonstrate compliance; and
 5. Results of implementation.

III. SQMP Implementation (Part 3)

- A. Has your agency implemented the SQMP and any additional controls necessary to reduce the discharges of pollutants in storm water to the maximum extent practicable? Yes ☒ No ☐
- B. If your agency has implemented additional or different controls than described in the countywide SQMP, has your agency developed a local SQMP that reflects the conditions in its jurisdiction and specifies activities being implemented under the appropriate elements described in the countywide SQMP? Yes ☒ No ☐
- C. Describe the status of developing a local SQMP in the box below.

The City follows the LA County SQMP. Development planning/SUSMP program previously revised to reflect Regional Board preference for infiltration BMPs.

Los Angeles County Municipal Storm Water Permit (Order 01-182)
Individual Annual Report Form
Attachment U-4

- D. If applicable, describe an additional BMP, in addition to those in the countywide SQMP, that your city has implemented to reduce pollutants in storm water to the maximum extent practicable.

N/A

E. Watershed Management Committees (WMCs)

1. Which WMC are you in? Los Angeles River
2. Who is your designated representative to the WMC? Jennifer Davis or designee
3. How many WMC meetings did you participate in last year? 0
4. Describe specific improvements to your storm water management program as a result of WMC meetings.

N/A

5. Attach any comments or suggestions regarding your WMC.

F. Storm Water Ordinance

1. Have you adopted a storm water and urban runoff ordinance to enforce all requirements of Order 01-182?

Yes ☒

No ☐

If not, describe the status of adopting such an ordinance.

2. If yes, have you already submitted a copy of the ordinance to the Regional Board?

Yes ☒

No ☐

Los Angeles County Municipal Storm Water Permit (Order 01-182)**Individual Annual Report Form****Attachment U-4**

If not, please attach a copy to this Report.

3. Were any amendments made to your storm water ordinance during the last fiscal year? Yes ☐ No ☒

If yes, attach a copy of amendments to this Report.

G. Discharge Prohibitions

1. List any non-storm water discharges you feel should be further regulated:

N/A

2. List any non-storm water discharges you feel should be exempt, and provide an explanation for each:

N/A

Los Angeles County Municipal Storm Water Permit (Order 01-182)**Individual Annual Report Form****Attachment U-4****IV. Special Provisions (Part 4)****A. Public Information and Participation (Part 4.B)**

In addition to answering the following questions, attach a summary of all storm water education activities that your agency conducted or participated in last year.

1. No Dumping Message

a) How many storm drain inlets does your agency own? 115

b) How many storm drain inlets were marked with a no dumping message in the last fiscal year? 50 (markings reapplied)

c) What is the total number of storm drain inlets that are legibly marked with a no dumping message? 115

If this number is less than the number in question 1.b, describe why all inlets have not been marked, the process used to implement this requirement, and the expected completion date.

--

d) How many public access points to creeks, channels, and other water bodies within your jurisdiction have been posted with no dumping signage in the past year? 0

Describe your agency's status of implementing this requirement by the date required in Order No. 01-182.

Access points in San Gabriel are property of Los Angeles County Flood Control District. To the best of City's knowledge, all access points have been previously posted by LACDPW.

Los Angeles County Municipal Storm Water Permit (Order 01-182)
Individual Annual Report Form
Attachment U-4

2. Reporting Hotline

- a) Has your agency established its own hotline for reporting and for general storm water management information? Yes ☐ No ☒
- b) If so, what is the number? No separate hotline. Residents are asked to call Public Works at (626) 308-2825 or after hours (626) 308-2828.
- c) Is this information listed in the government pages of the telephone book? (and website) Yes ☒ No ☐
- d) If no, is your agency coordinated with the countywide hotline? Yes ☒ No ☐
- e) Do you keep record of the number of calls received and how they were responded to? Yes ☐ No ☐
- f) How many calls were received in the last fiscal year? 6
- g) Describe the process used to respond to hotline calls.
- Call is assigned to appropriate department (PW or Neighborhood Improvement Services/Code Enforcement); if unclear, PW staff will investigate. Appropriate actions are taken to halt discharge, recover material and clean the MS4.
- h) Have you provided the Principal Permittee with your current reporting contact information? Yes ☒ No ☐
- i) Have you compiled a list of the general public reporting contacts for all Permittees and posted it on the www.888CleanLA.com web site (Principal Permittee only)? Yes ☐ No ☐
If not, when is this scheduled to occur? N/A

3. Outreach and Education

- a) Describe the strategy developed to provide outreach and bilingual materials to target ethnic communities. Include an explanation of why each community was chosen as a target, how program effectiveness will be determined, and status of implementation. (Principal Permittee only)

N/A

Los Angeles County Municipal Storm Water Permit (Order 01-182)**Individual Annual Report Form****Attachment U-4**

- b) Did the Principal Permittee organize quarterly Public Outreach Strategy meetings that you were aware of? Yes ☒ No ☐

How many Public Outreach Strategy meetings did your agency participate in last year? 0

Explain why your agency did not attend any or all of the organized meetings.

Limited staffing and schedule conflicts prevented attendance.

Identify specific improvements to your storm water education program as a result of these meetings:

N/A

List suggestions to increase the usefulness of quarterly meetings:

N/A

If quarterly Public Outreach Strategy meetings were not organized, explain why not and when this requirement will be implemented (*Principal Permittee only*).

N/A

- c) Approximately how many impressions were made last year on the general public about storm water quality via print, local TV, local radio, or other media? U
- d) Describe efforts your agency made to educate local schools on storm water pollution.

N/A

Los Angeles County Municipal Storm Water Permit (Order 01-182)
Individual Annual Report Form
Attachment U-4

- e) Did you provide all schools within each school district in Los Angeles County with materials necessary to educate a minimum of 50 percent of all school children (K-12) every 2 years on storm water pollution (*Principal Permittee only*)? Yes ☐ No ☐
If not, explain why.

N/A

- f) Describe the strategy developed to measure the effectiveness of in-school educational programs, including assessing students' knowledge of storm water pollution problems and solutions before and after educational efforts (*Principal Permittee only*).

N/A

For Permit Years 2-5, attach an assessment of the effectiveness of in-school storm water education programs.

- g) What is the behavioral change target that was developed based on sociological data and other studies (*Principal Permittee only*)?

N/A

If no target has been developed, explain why and describe the status of developing a target.

N/A

What is the status of meeting the target by the end of Year 5?

N/A

Los Angeles County Municipal Storm Water Permit (Order 01-182)
Individual Annual Report Form
Attachment U-4

4. Pollutant-Specific Outreach

- a) Attach a description of each watershed-specific outreach program that your agency developed (*Principal Permittee only*). All pollutants listed in Table 1 (Section B.1.d.) must be included.
- b) Did your agency cooperate with the Principal Permittee to develop specific outreach programs to target pollutants in your area? Yes ☒ No ☐
- c) Did your agency help distribute pollutant-specific materials in your city? Yes ☒ No ☐
- d) Describe how your agency has made outreach material available to the general public, schools, community groups, contractors and developers, etc...

Engineering distributes educational flyers (example attached) at community events, Public Works week event, city town hall meetings and from a kiosk at the main lobby of City Hall. Contractors/developers/homeowners are informed of appropriate BMPs verbally by staff at the counter and inspection staff, as well as written permit conditions and notes on plans.

5. Businesses Program

- a) Briefly describe the Corporate Outreach Program that has been developed to target gas stations and restaurant chains (*Principal Permittee only*).

N/A

- b) How many corporate managers did your agency (*Principal Permittee only*) reach last year? N/A
- c) What is the total number of corporations to be reached through this program (*Principal Permittee only*)? N/A

- d) Is your agency meeting the requirement of reaching all gas station and restaurant corporations once every two years (*Principal Permittee only*)? Yes ☐ No ☐
If not, describe measures that will be taken to fully implement this requirement.

N/A

Los Angeles County Municipal Storm Water Permit (Order 01-182)**Individual Annual Report Form****Attachment U-4**

- e) Has your agency developed and/or implemented a Business Assistance Program? Yes ☐ No ☐

If so, briefly describe your agency's program, including the number of businesses assisted, the type of assistance, and an assessment of the program's effectiveness.

N/A

6. Did you encourage local radio stations and newspapers to use public service announcements? Yes ☐ No ☒

How many media outlets were contacted? 0

Which newspapers or radio stations ran them?

N/A

Who was the audience?

N/A

7. Did you supplement the County's media purchase by funding additional media buys? Yes ☐ No ☒

Estimated dollar value/in-kind contribution:

Type of media purchased:

Frequency of the buys:

Did another agency help with the purchase? Yes ☐ No ☒

8. Did you work with local business, the County, or other Permittees to place non-traditional advertising? Yes ☐ No ☒

If so, describe the type of advertising.

9. Did you establish local community partnerships to distribute educational storm water pollution prevention material? Yes ☒ No ☐

Describe the materials that were distributed:

Los Angeles County Municipal Storm Water Permit (Order 01-182)
Individual Annual Report Form
Attachment U-4

Flyers, posters and cable channel scroll.

Who were the key partners?

Who was the audience (businesses, schools, etc.)?

San Gabriel businesses, residents and visitors

10. Did you participate in or publicize workshops or community events to discuss storm water pollution? Yes ☒ No ☐
How many events did you attend? 2

11. Does your agency have a website that provides storm water pollution prevention information? Yes ☒ No ☐
If so, what is the address? www.sangabrielcity.com

12. Has awareness increased in your community regarding storm water pollution? Yes ☒ No ☐
Do you feel that behaviors have changed? Yes ☒ No ☐
Explain the basis for your answers. Include a description of any evaluation methods that are used to determine the effectiveness of your agency's outreach.

We believe that the City's outreach along with regional coverage of storm water quality issues has raised general awareness. Behaviors that appear to be improved include proper disposal of trash, yard and pet waste; proper vehicle and building washing practices.

13. How would you modify the storm water public education program to improve it on the City or County level?

Working with watershed partners to create outreach materials relating to priority pollutants.

Los Angeles County Municipal Storm Water Permit (Order 01-182)
Individual Annual Report Form

Attachment U-4

B. Industrial/Commercial Facilities Program

1. Critical Source Inventory Database

Did you (individually or jointly) update the Database for Critical Sources Inventory?

Yes ☒ No ☐

Comments/Explanation/Conclusion: See previous reports.

2. Inspection Program

Provide the reporting data as suggested in the following tables.

Category	Initial Number of Facilities at the start of cycle proposed for inspection by categories (after the initial year, the updated number based on the new data)	Number of facilities inspected in the current reporting year	% Completed at the time of this report for present cycle (from the initial value, and from the updated value after first cycle)	Total number since permit adoption
Landfills				
TSDf				
...				

Comments/Explanation/Conclusion:

3. BMPs Implementation

Provide the reporting data as suggested in the following table.

Los Angeles County Municipal Storm Water Permit (Order 01-182)
Individual Annual Report Form

Attachment U-4

Category	Number of facilities inspected by category in this reporting year	Number of facilities identified as adequately implementing BMPs as specified in this reporting year	% adequately implementing out of total in this reporting year	Number of facilities required to implement or upgrade in this reporting year	Number of facilities inspected by category in this reporting cycle	Number of facilities identified as adequately implementing BMPs as specified in this reporting cycle	% adequately implementing out of total in this reporting cycle	Number of facilities required to implement or upgrade in this reporting cycle	Total Number during this permit adequately implementing	Total Number during this permit required to implement or upgrade
Landfills										
...										

Comments/Explanation/Conclusion:

4. Enforcement Activities

Provide the reporting data as suggested in the following tables.

Enforcement Actions by categories (e.g. Warning letter, NOV, referral to D.A., etc.)	Number of facilities issued enforcement actions in the current reporting year	Number of facilities issued enforcement actions in the current reporting cycle	Number of facilities (re)inspected due to enforcement actions in current reporting year	Number of facilities (re)inspected due to enforcement actions in current reporting cycle	Number of facilities brought into compliance in the current reporting year	Number of facilities brought into compliance in current reporting cycle	Total number of enforcement actions since permit adoption (by category)

Facilities by category	Number of Warning letters	Number of NOVs	Number of Referral	Number of Other

Comments/Explanation/Conclusion:

Los Angeles County Municipal Storm Water Permit (Order 01-182)
Individual Annual Report Form

Attachment U-4

5. Program Implementation Effectiveness Assessment

Please give a brief assessment of the implementation of the program in removing pollutants from the storm water discharges. Please provide an explanation. Suggested improvements or adjustments based on the knowledge gained through this reporting period activities must be reflected in a change in the SQMP, if warranted.

Highly Effective ☐

Somewhat Effective ☒

Non-effective ☐

Comments/Explanation/Conclusion:

Inspections completed several years ago found several facilities to be non-compliant with GIASWP requirements and with the City's runoff control ordinance. The program is assumed to be somewhat effective in identifying and correcting such problems.

6. You must also submit a quarterly electronic submittal of your Industrial/Commercial Facilities Program activities.

Los Angeles County Municipal Storm Water Permit (Order 01-182)
Individual Annual Report Form
Attachment U-4

C. Development Planning Program (Part 4.D)

1. Does your agency have a process to minimize impacts from storm water and urban runoff on the biological integrity of natural drainage systems and water bodies in accordance with requirements under CEQA, Section 404 of the CWA, local ordinances, and other legal authorities? Yes ☒ No ☐
Attach examples showing how storm water quality impacts were addressed in environmental documents for projects over the past year.
2. Does your agency have procedures to include the following requirements in all priority development and redevelopment projects:
 - a) Maximize the percentage of permeable surfaces to allow more percolation of storm water into the ground? Yes ☒ No ☐
 - b) Minimize the quantity of storm water directed to impermeable surfaces and the MS4? Yes ☒ No ☐
 - c) Minimize pollution emanating from parking lots through the use of appropriate treatment control BMPs and good housekeeping practices? Yes ☒ No ☐
 - d) Provide for appropriate permanent measures to reduce storm water pollutant loads from the development site? Yes ☒ No ☐
3. List the types and numbers of BMPs that your agency required for priority projects to meet the requirements described above.

SUSMP redevelopment project BMPs are infiltration based. This is achieved using devices including, infiltration basins, perforated pipe in rock filled trenches, or pre-manufactured infiltration devices.

4. Describe the status of the development or implementation of peak flow controls in Natural Drainage Systems.

City MS4 does not discharge directly to any Natural Drainage Systems.

Los Angeles County Municipal Storm Water Permit (Order 01-182)
Individual Annual Report Form
Attachment U-4

5. Has your agency amended codes and/or ordinances to give legal effect to the SUSMP changes required in the Permit? Yes ☐ No ☒

The City's runoff control ordinance contains sufficient language to compel compliance with SUSMP revisions that took effect in March of 2003.

6. Describe the process your agency uses to include SUSMP design standards in new development and redevelopment project approvals.

All projects that are submitted through the planning process are submitted for review by Engineering. The plans are distributed to the internal and external departments for review and comment. The Public Works Department/City Engineer reviews the projects and imposes conditions to implement the NPDES program. When the conditions are adopted by the City, plans are prepared that reflect the requirements. These plans are checked and inspected to assure that the facilities are built and operate as intended.

Los Angeles County Municipal Storm Water Permit (Order 01-182)
Individual Annual Report Form
Attachment U-4

7. How many of each of the following projects did your agency review and condition to meet SUSMP requirements last year?
- | | | |
|----|--|---|
| a) | Residential | 0 |
| b) | Commercial | 1 |
| c) | Industrial | 0 |
| d) | Automotive Service Facilities | 0 |
| e) | Retail Gasoline Outlets | 0 |
| f) | Restaurants | 0 |
| g) | Parking Lots | 0 |
| h) | Projects located in or directly adjacent to or discharging directly to an environmentally sensitive area | 0 |
| i) | Total number of permits issued to priority projects | 0 |
8. What is the percentage of total development projects that were conditioned to meet SUSMP requirements? 100%
9. How has your agency prepared to reduce the SUSMP threshold for industrial/commercial facilities to 1 acre from 100,000 square feet in 2003?

All SUSMP-related written materials were changed to reflect this revision.

Los Angeles County Municipal Storm Water Permit (Order 01-182)
Individual Annual Report Form
Attachment U-4

10. After 2003, how many additional projects per year will require/did require implementation of SUSMP requirements as a result of the lower threshold?

U; City is built-out and there are limited large lot infill and redevelopment opportunities.

11. Does your agency participate in an approved regional or sub-regional storm water mitigation program to substitute in part or wholly SUSMP requirements for new development?

Yes ☐ No ☒

12. Has your agency modified its planning procedures for preparing and reviewing CEQA documents to consider potential storm water quality impacts and provide for appropriate mitigation?

Yes ☒ No ☐

If no, provide an explanation and an expected date of completion.

13. Did your agency update any of the following General Plan elements in the past year?

a) Land Use Yes ☐ No ☒

b) Housing Yes ☐ No ☒

c) Conservation Yes ☐ No ☒

d) Open Space Yes ☐ No ☒

If yes, please describe how watershed and storm water quality and quantity management considerations were included.

N/A; There was no opportunity to incorporate storm water quality/quantity considerations into the subject General Plan elements during this permit year.

Los Angeles County Municipal Storm Water Permit (Order 01-182)
Individual Annual Report Form
Attachment U-4

14. How many targeted staff were trained last year? 4
15. How many targeted staff are trained annually? 4-6
16. What percentage of total staff are trained annually? 8-10%
17. Has your agency developed and made available development planning guidelines? Yes ☒ No ☐
18. If no, what is the expected date that guidelines will be developed and available to developers? N/A
19. What is the status of completion of the technical manual for siting and design of BMPs for the development community?

The principal permittee has developed a draft technical manual for this purpose, which is currently under regional board review. Though not approved, the City continues to use the manual as one as several reference tools, which has been helpful. The City has also referenced the County's LID manual as another SUSMP compliance resource.

Los Angeles County Municipal Storm Water Permit (Order 01-182)
Individual Annual Report Form
Attachment U-4

D. Development Construction Program

1. Describe your agency's program to control runoff from construction activity at all construction sites within its jurisdiction.

The City fully implements the development construction program. With respect to 1 acre or more soil disturbing projects, the City compels compliance with GCASWP requirements. No grading permit is issued without the subject applicant showing evidence of having applied for GCASWP coverage (viz., a WDID number). Additionally, the applicant is required to certify that a SWPPP has been prepared. For projects that disturb less than 1 acre of soil, grading permits are conditioned on conforming with minimum BMPs prescribed by the City.

2. Does your agency require the preparation, submittal, and implementation of a Local Storm Water Pollution Prevention Plan (Local SWPPP) prior to the issuance of a grading permit for all sites that meet one or all of the following criteria?

- a) Will result in soil disturbance of one acre or greater Yes ☐ No ☒
- b) Is within, directly adjacent to, or is discharging directly to an environmentally sensitive area Yes ☒ No ☐
- c) Is located in a hillside area (N/A) Yes ☐ No ☒

3. Attach one example of a local SWPPP N/A; no local SWPPPs
4. Describe the process your agency uses to require proof of filing a Notice of Intent for coverage under the State General Construction Activity Storm Water permit and a certification that a SWPPP has been prepared prior to issuing a grading permit?

A copy of the NOI and WDID number are required. Applicant is also required to certify that a SWPPP has been prepared.

Los Angeles County Municipal Storm Water Permit (Order 01-182)
Individual Annual Report Form
Attachment U-4

5. How many building/grading permits were issued to sites requiring Local SWPPPs last year? N/A: City does not allow L-SWPPP
6. How many building/grading permits were issued to sites requiring coverage under the General Construction Activities Storm Water Permit last year? 0
7. How many building/grading permits were issued to construction site less than one acre in size last year? 11
8. How many construction sites were inspected during the last wet season? 26
9. Complete the table below.

Type of Violation	# of Violations	% of Total Inspections	# of Follow-up Inspections	# of Enforcement Actions
Off-site discharge of sediment	0	0	0	0
Off-site discharge of other pollutants	0	0	0	0
No or inadequate SWPPP	0	N/A	N/A	N/A
Inadequate BMP/SWPPP implementation	0	0	0	0

10. Describe the process for taking enforcement actions against construction site violations, including the types of actions that are taken.

An instance of non-compliance with any of the development construction program triggers a verbal warning, followed with a Notice of Violation letter. If non-compliance persists, the matter then becomes a code enforcement issue. However, the verbal warnings, coupled with the threat of referring the contractor to the regional board for stronger enforcement action, has been sufficient to compel compliance.

11. Describe the system that your agency uses to track the issuance of grading permits.

Los Angeles County Municipal Storm Water Permit (Order 01-182)
Individual Annual Report Form
Attachment U-4

Community Development Department staff in Building and Engineering Divisions track building and grading permits using spreadsheets and log books.

E. Public Agency Activities (Part 4.F)

1. Sewage System Maintenance, Overflow, and Spill Prevention (only applicable to agencies that own and/or operate a sanitary sewer system)

- a) Has your agency developed and implemented a response plan for sanitary sewer overflows that includes the requirements in Order 01-182? Yes ☒ No ☐
- b) How many sanitary sewer overflows occurred within your jurisdiction? See CIWQS
- c) How many did your agency respond to? See CIWQS
- d) Did your agency investigate all complaints received? Yes ☒ No ☐
- e) How many complaints were received? 2
- f) Upon notification, did your agency immediately respond to overflows by containment? Yes ☒ No ☐
- g) Did your agency notify appropriate sewer and public health agencies when a sewer overflowed to the MS4? Yes ☒ No ☐
- h) Did your agency implement a program to prevent sewage spills or leaks from sewage facilities from entering the MS4? Yes ☒ No ☐

If so, describe the program:

City crews follow the adopted SSMP.

Los Angeles County Municipal Storm Water Permit (Order 01-182)**Individual Annual Report Form****Attachment U-4**

- i) Did your agency implement a program to identify, repair, and remediate sanitary sewer blockages, exfiltration, overflow, and wet weather overflows from sanitary sewers to the MS4?

Yes ☒ No ☐

If so, describe the program:

See adopted SSMP.

2. Public Construction Activities Management

- a) What percentage of public construction sites 5 acres or greater in size did your agency obtain coverage under the State of California General Construction Activities Storm Water Discharge Permit ?

100

 %

- b) Give an explanation for any sites greater than 5 acres that were not covered:

N/A

- c) What is the total number of active public construction sites?
- How many were 5 acres or greater in size?

0

0

Los Angeles County Municipal Storm Water Permit (Order 01-182)
Individual Annual Report Form
Attachment U-4

- d) (After March, 2003) Did your agency obtain coverage under the State of California General Construction Activities Storm Water Discharge Permit coverage for public construction sites for sites one acre or greater? N/A Yes ☐ No ☒

3. Vehicle Maintenance/Material Storage Facilities/Corporation Yards Management

- a) Did your agency implement pollution prevention plans for each public vehicle maintenance facility, material storage facility, and corporation yard? Yes ☒ No ☐

- b) Briefly describe how your agency implements the following, and any additional, BMPs to minimize pollutant discharges in storm water:

- (1) Good housekeeping practices
- (2) Material storage control
- (3) Vehicle leaks and spill control
- (4) Illicit discharge control

1. Good housekeeping practices are implemented in accordance with its City's storm water pollution prevention plan and its public agency program.
 2. Material storage control BMPs are implemented in accordance with its City's storm water pollution prevention plan and its public agency program.
 3. Vehicles leaks and spill control BMPs are implemented through the City's storm water pollution prevention plan and its public agency program.
 4. Illicit discharge control BMPs are implemented through the City's storm water pollution prevention plan, its public agency program, and its illicit connection/discharge detection and elimination program.

Los Angeles County Municipal Storm Water Permit (Order 01-182)
Individual Annual Report Form
Attachment U-4

- c) Are all Permittee owned and/or operated vehicle/equipment wash areas self-contained, covered, equipped with a clarifier, and properly connected to the sanitary sewer? Yes ☒ No ☐
If not, what is the status of implementing this requirement?

N/A

- d) How many Permittee owned and/or operated vehicle/equipment wash areas are scheduled to be redeveloped to include the BMPs listed above? N/A

4. Landscape and Recreational Facilities Management

- a) Has your agency developed a standardized protocol for the routine and non-routine application of pesticides, herbicides (including pre-emergents), and fertilizers? Yes ☒ No ☐
Briefly describe this protocol:

The protocol calls for landscape maintenance personnel to (1) apply minimum amounts of each significant material; and (2) avoid application during storm events or impending storm events.

- b) How does your agency ensure that there is no application of pesticides or fertilizers immediately before, during, or immediately after a rain event or when water is flowing off the area to be applied?

Applicable City personnel were trained in the proper application of pesticides and chemical organic fertilizers.

Los Angeles County Municipal Storm Water Permit (Order 01-182)
Individual Annual Report Form
Attachment U-4

- c) Are any banned pesticides, herbicides, fungicides, or rodenticides stored or applied in your agency's jurisdiction that you know of?

Yes ☐ No ☒

If so, list them:

- d) What percentage of your agency's staff that apply pesticides are certified by the California Department of Food and Agriculture, or are under the direct supervision of a certified pesticide applicator?

100%

- e) Describe procedures your agency has implemented to encourage retention and planting of native vegetation and to reduce water, fertilizer, and pesticide needs:

Landscape maintenance encourages the planting of native and drought tolerant vegetation, which is also in keeping with the City's water conservation program. Impacted City staff have also been trained to incorporate integrated pest management (IPM) whenever possible as a means of reducing the need for pesticides.

5. Storm Drain Operation and Management

- a) Did your agency designate catch basin inlets within its jurisdiction as Priority A; Priority B; and Priority C?

Yes ☒ No ☐

- b) How many of each designation exist in your jurisdiction?

Priority A:	0
Priority B:	4
Priority C:	111

Los Angeles County Municipal Storm Water Permit (Order 01-182)
Individual Annual Report Form
Attachment U-4

c) Is your city subject to a trash TMDL? Yes ☒ No ☐

d) If yes, describe the activities and/or implementation measures that your agency conducted pursuant to the TMDL and any other trash reduction efforts that occurred.

Through institutional controls (e.g., street sweeping, catch basin clean-outs, and trash receptacle) the City has significantly reduced the entry of trash to the Rio Hondo tributary to the Los Angeles River. The City has installed debris excluder devices in catch basins located in industrial/commercial areas and will install six additional units by the end of 2012.

e) How many times were all Priority A basins cleaned last year? N/A

f) How many times were all Priority B basins cleaned last year? 1

g) How many times were all Priority C basins cleaned last year? 1

h) How much total waste was collected in tons from catch basin clean-outs last year? U

i) Attach a record of all catch basins in your jurisdiction. This shall identify each basin as City or County owned, and Priority A, B, or C. For all basins that are owned and operated by your agency, include dates that each was cleaned out over the past year.

j) Did your agency place and maintain trash receptacles at all transit stops within its jurisdiction. Yes ☒ No ☐

k) How many new trash receptacles were installed last year?
None; all stops have receptacles.

l) Did your agency place special conditions for events that generated substantial quantities of trash and litter including provisions that:

(1) Provide for the proper management of trash and litter generated from the event? Yes ☒ No ☐

(2) Arrange for temporary screens to be placed on catch basins? Yes ☐ No ☒

Los Angeles County Municipal Storm Water Permit (Order 01-182)**Individual Annual Report Form****Attachment U-4**

- (3) Or for catch basins in that area to be cleaned out subsequent to the event and prior to any rain?

Yes ☒ No ☐

- m) Did your agency inspect the legibility of the catch basin stencil or labels?

Yes ☒ No ☐What percentage of stencils were legible? **100%**

- n) Were illegible stencils recorded and re-stenciled or re-labeled within 180 days of inspection?

Yes ☒ No ☐

- o) Did your agency visually monitor Permittee-owned open channel storm drains and other drainage structures for debris at least annually and identify and prioritize problem areas of illicit discharge for regular inspection?

Yes ☒ No ☐

Is the prioritization attached?

Prioritization is unnecessary since they are all inspected and cleaned-out annually. Debris in these structures is minimal and roughly the same in terms of accumulation.

Yes ☐ No ☒

- p) Did your agency review its maintenance activities to assure that appropriate storm water BMPs are being utilized to protect water quality?

Yes ☒ No ☐

What changes have been made?

None. The prescribed BMPs appear to be adequate.

Los Angeles County Municipal Storm Water Permit (Order 01-182)
Individual Annual Report Form
Attachment U-4

- q) Did your agency remove trash and debris from open channel storm drains a minimum of once per year before the storm season? Yes ☒ No ☐

- r) How did your agency minimize the discharge of contaminants during MS4 maintenance and clean outs?

Maintenance/clean-outs are either performed by hand or mechanically with the use of a vacuum truck. Neither of these methods results in the discharge of contaminants or pollutants to the MS4.

- s) Where is removed material disposed of?

Material is taken to the corporate yard where it is stored in a covered trash bins. The material is then taken to the City's landfill for disposal.

6. Streets and Roads Maintenance

- a) Did your agency designate streets and/or street segments within its jurisdiction as one of the following:

- (1) Priority A – streets and/or street segments that are designated as consistently generating the highest volumes of trash and/or litter? Yes ☒ No ☐

- (2) Priority B - streets and/or street segments that are designated as consistently generating moderate volumes of trash and/or litter? Yes ☒ No ☐

- (3) Priority C – streets and/or street segments that are designated as generating low volumes of trash and/or litter? Yes ☒ No ☐

- b) Did your agency perform all street sweeping in compliance with the permit and according to the following schedule:

- (1) Priority A – These streets and/or street segments shall be swept at least two times per month? Yes ☒ No ☐

Los Angeles County Municipal Storm Water Permit (Order 01-182)**Individual Annual Report Form****Attachment U-4**

- (2) Priority B - Each Permittee shall ensure that each streets and/or street segments is cleaned at least once per month? Yes ☒ No ☐
- (3) Priority C – These streets and/or street segments shall be cleaned as necessary but in no case less than once per year? Yes ☒ No ☐
- c) Did your agency require that saw cutting wastes be recovered and disposed of properly and that in no case shall waste be left on a roadway or allowed to enter the storm drain? Yes ☒ No ☐
- d) Did your agency require that concrete and other street and road maintenance materials and wastes be managed to prevent pollutant discharges? Yes ☒ No ☐
- e) Did your agency require that the washout of concrete trucks and chutes only occur in designated areas and never into storm drains, open ditches, streets, or catch basins leading to the storm drain system? Yes ☒ No ☐
- f) Did your agency train its employees in targeted positions (whose interactions, jobs, and activities affect storm water quality) regarding the requirements of the storm water management program to:
- (1) Promote a clear understanding of the potential for maintenance activities to pollute storm water? and Yes ☒ No ☐
- (2) Identify and select appropriate BMPs? Yes ☒ No ☐

Los Angeles County Municipal Storm Water Permit (Order 01-182)
Individual Annual Report Form
Attachment U-4

7. Parking Facilities Management

- a) Did your agency ensure that Permittee-owned parking lots be kept clear of debris and excessive oil buildup and cleaned no less than 2 times per month and/or inspected no less than 2 times per month to determine if cleaning is necessary. Yes ☒ No ☐
- b) Were any Permittee-owned parking lots cleaned less than once a month? Yes ☐ No ☒
How many? None.

Los Angeles County Municipal Storm Water Permit (Order 01-182)
Individual Annual Report Form
Attachment U-4

8. Public Industrial Activities Management

- a) Did your agency, for all municipal activity considered an industrial activity under USEPA Phase I storm water regulations, obtain separate coverage under the State of California General Industrial Activities Storm Water Discharge Permit no later than December 31, 2001? Yes ☒ No ☐
- b) Does your agency serve a population of less than 100,000 people? Yes ☒ No ☐

9. Emergency Procedures

- a) In case of real emergencies, did your agency repair essential public services and infrastructure in a manner to minimize environmental damage?
N/A; None. Yes ☐ No ☐
- b) Were BMPs implemented to the extent that measures did not compromise public health and safety? N/A; None. Yes ☐ No ☐

10. Feasibility Study

- a) Did your agency cooperate with the County Sanitation Districts of Los Angeles County to prepare a study which investigates the possible diversion of dry weather flows or the use of alternative treatment control BMPs? Completed previously. Yes ☐ No ☒
- b) Did your agency review its individual prioritized list and create a watershed based priority list of drains for potential diversion and submit a listing of priority diversions to the Regional Board Executive Officer? Completed previously. Yes ☐ No ☒

Los Angeles County Municipal Storm Water Permit (Order 01-182)
Individual Annual Report Form
Attachment U-4

F. Illicit Connections and Illicit Discharges (IC/ID) Elimination Program (Part 4.G)

1. Attach a copy of your agency's IC/ID Elimination Implementation Program (Part 4.G.1.a.). A hard copy was submitted previously.
2. Attach a map of your storm drain system showing all permitted connections (if available), and the locations of all illicit connections and discharges that occurred last year (Part 4.G.1.b). If your agency has not completed this requirement, describe the status of the development of a baseline map, including an expected completion date.

Basemap completed and submitted previously. IC/ID events are tracked in spreadsheet (attached) but not mapped due to insufficient staff resources.

3. Describe your enforcement procedures for eliminating illicit discharges and terminating illicit connections.

As reported last year, the City's policy regarding illicit discharges and connections is as follows:

1. Upon discovery of an in progress illicit discharge, public works, code enforcement or police is summoned – depending on the type of material being discharge.
2. A discovery of a suspect illicit connection is investigated for verification. If it is in fact an illicit connection, enforcement action is initiated almost immediately.

Los Angeles County Municipal Storm Water Permit (Order 01-182)
Individual Annual Report Form
Attachment U-4

4. Describe your record keeping system to document all illicit connections and discharges.

All reports or illicit discharges and connections and their disposition are tracked using a spreadsheet.

5. What is the total length of open channel that your agency owns and operates? 0
6. What length was screened last year for illicit connections? N/A
7. What is the total length of closed storm drain that your agency owns and operates? U
8. What length was screened last year for illicit connections? N/A
9. Describe the method used to screen your storm drains.

Field screening completed in 2006. No illicit connections were detected.

10. Provide the reporting data for illicit connections as suggested in the following table (you may submit a spreadsheet from your database that contains the information).

Year	Total # reported/ identified	Total # investigated	# that conveyed exempt discharges or NPDES permitted	# that conveyed illicit discharges that were terminated	# that were removed	# that resulted in enforcement action	# that resulted in <i>other</i> actions
01/02	0	0	0	0	0	0	0
02/03	0	0	0	0	0	0	0
03/04	0	0	0	0	0	0	0

06/07	0	0	0	0	0	0	0
07/08	0	0	0	0	0	0	0
08/09	0	0	0	0	0	0	0
09/10	0	0	0	0	0	0	0
10/11	0	0	0	0	0	0	0
11/12	0	0	0	0	0	0	0

11. Explain any *other* actions that occurred in the last year. **N/A**

12. What is the average time it takes your agency to initiate an illicit connection investigation after it is reported?

Within
48 hrs

a) Were all identified connections terminated within 180 days?

Yes ☐ No ☒

b) If not, explain why.

N/A

13. Provide the reporting data for illicit discharges as suggested in the following table (you may submit a spreadsheet from you database that contains this information).

Year	Total # reported	Total # that were discontinued/ cleaned up voluntarily through enforcement and the source was identified	# that were cleaned up but the source could not be identified	# that resulted in no evidence of discharge	# that were determined to be conditionally exempt	# that were exempt or in compliance and the source identified	# that resulted in enforcement action

11/12	9	9	0	0	0	0	1

14. What is the average response time after an illicit discharge is reported?

Typically
<2 hrs; 24
hrs max

- a) Did any response times exceed 72 hours? Yes ☐ No ☒
- b) If yes, explain why.

15. Describe the your agency's spill response procedures.

Appropriate staff in Public Works or Neighborhood Improvement Services will respond when notified of spill. Staff will assess and take steps to contain the spill and secure the area. Staff will direct the appropriate party to clean the spill and dispose of material in proper fashion. County Hazardous Materials will be contacted in the case of hazmat spills. SSOs will be addressed in accordance with the adopted SSMP.

16. What would you do differently to improve your agency's IC/ID Elimination Program?

N/A

17. Attach a list of all permitted connections to your storm sewer system.
N/A; City does not permit illicit connections to system.

Los Angeles County Municipal Storm Water Permit (Order 01-182)
Individual Annual Report Form
Attachment U-4

V. Monitoring

Briefly describe any storm water monitoring activities that are not required by Order No. 01-182 that your municipality conducted, participated in, or received funding to conduct in the past fiscal year. These activities should correspond with the dollar amount you listed in Table 2. City participated in LA Rivers Metal TMDL Coordinated Monitoring Program managed by Gateway Cities Council of Governments.

VI. Assessment of Program Effectiveness

- A. Attach a summary of the effectiveness of your storm water management program. This summary should include, at a minimum, the following:
1. An assessment of your agency's compliance with permit requirements, based on your responses to the questions in this form;
 2. Descriptions of any evaluation methods that your agency uses to determine the effectiveness of your storm water management program;
 3. A summary of the strengths and weaknesses of your agency's storm water management program;
 4. A list of specific program highlights and accomplishments;
 5. A description of water quality improvements or degradation in your watershed over the past fiscal year;
 6. Interagency coordination between cities to improve the storm water management program;
 7. Future plans to improve your agency's storm water management program; and
 8. Suggestions to improve the effectiveness of your program or the County model programs.
- B. On a scale of 1 to 10 (10 being full implementation of requirements by their deadlines), rate your municipality's level of compliance with Order No. 01-182.
- C. List any suggestions your agency has for improving program reporting and assessment.

Los Angeles County Municipal Storm Water Permit (Order 01-182)**Individual Annual Report Form****Attachment U-4****VII. Certification Statement**

"I certify under penalty of law that this document and all attachments were prepared under my direction or supervision in accordance with a system designed to assure that qualified personnel properly gather and evaluate the information submitted.

Based on my inquiry of the person or persons who manage the system, or those persons directly responsible for gathering the information, the information submitted is, to the best of my knowledge and belief, true, accurate, and complete. I am aware that there are significant penalties for submitting false information, including the possibility, of a fine and imprisonment for knowing violations.
